

72nd Annual Conference of the Canadian Society of Microbiologists

University of Dalhousie
Halifax, Nova Scotia

June 25 – 28, 2023

Theme: Microbial Ecosystems - Environment and Health

WORKSHOPS Sun June 25

- Career Development
- Equity Diversity & Inclusion
- Forum on Microbiology Undergraduate Education

KEYNOTE LECTURE

Dr. Elizabeth A. Edwards, Professor,
University of
Toronto

AWARD LECTURES

- R.E. Murray Award
- Thermo Fisher Award
- Armand Frappier Award
- And invited abstract talks!

12 SYMPOSIA SESSIONS

- Antimicrobial resistance
- Bioinformatics, Genomics and Genome evolution
- Ocean and Polar Microbiology
- Microbial surface structures
- Soil and Environmental microbiology
- Fungal and eukaryotic microbiology

- Synthetic Biology and biotechnology
- Microbiomes in health and disease
- Pathogenesis and the Host Response
- Bacteriophage and bacterial defense systems
- 'Omic' approaches to gene and drug discovery
- Virulence and gene regulation
