

# Building a Healthier North

# Speaker Disclosure

I am a LEG administrator, and I have no relationships with commercial interests or conflicts of interest to declare.

Sue Featherston  
*LEG Administrator*

# Learning Objectives

At the end of this presentation, participants will be able to:

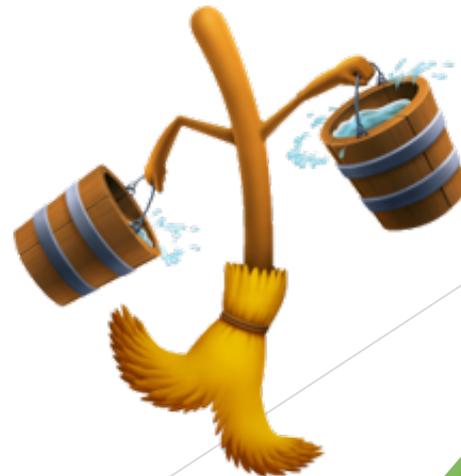

1. Discuss spending of NOAMA Enhanced funding
2. Bring new ideas for Innovation back to their LEG

# Housekeeping

Do we need to spend all LEG funding by year end?

What can we spend the funding on?

- ▶ Administrative Support
- ▶ Research Program Development
- ▶ Academic Program Development
- ▶ Academic Faculty Leadership Development
- ▶ Academic Recruitment
- ▶ Clinical Innovation

# Small QI Research project

- ▶ Come up with an Idea and then pay someone to help with the study:
  - ▶ Masters students
  - ▶ Allied health professionals
  - ▶ Residents

Investigate if the new standards for febrile neutropenia are being applied

Review of data on the arterial and venous cord blood pH and base excess after birth.

Medication Reconciliation  
- how long is it taking?

# Simulation LAB

## Specialty Academic Sessions

- ▶ Casting
- ▶ Suturing
- ▶ Academic teaching: CT scanning, EKGs, MSK, Bedside Ultrasound
- ▶ POCUS courses
- ▶ Surgical talks

# Conference

KEEP IT SMALL  
AND SIMPLE

HIRE AN EVENT  
PLANNER

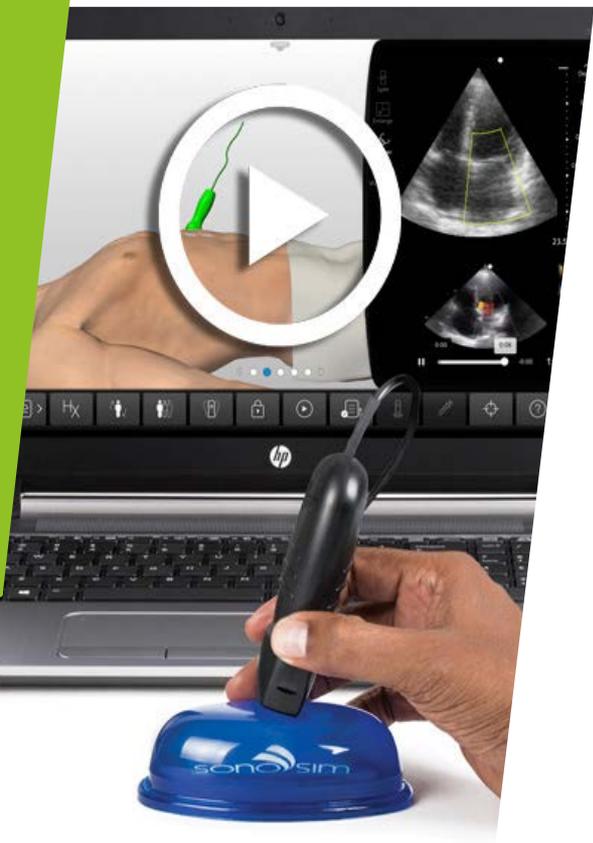

SERVE GOOD FOOD

USE LOCAL TALENT  
FOR SPEAKERS

## Teaching & Faculty Development Aids

- ▶ Anatomy teaching packages
- ▶ Ultrasound Teaching packages

# Community Medical Education Series
